

DO YOU KNOW WHAT'S IN YOUR COOLING WATER?

AND WHAT IT IS COSTING YOU?

Would you like to...

- Achieve energy **savings** from improved exchanger efficiency?
- **Optimize** existing cooling system efficiency?
- **Reduce** operating and maintenance costs?
- **Reduce** downtime due to poor cooling efficiency or system contamination?
- **Reduce** risk of Legionella outbreaks?
- Get a **higher ROI**?

INVEST WISELY

Make the right choice... **THE FIRST TIME**

Other Applications:

- District Cooling
- Data Centers
- Chilled / Hot water Loops
- RO/DI Treatment
- Water Reuse Package
- Industrial Process Water
- Helps achieve LEED® credits
- Rainwater Polishing
